

## NCA-3810 SCOPE AND APPLICABILITY

The requirements of NCA-3800 provide for various entities known as Certificate Holders, Material Organizations (NCA-3820), and approved suppliers (NCA-3835.3). These entities are involved in the performance of operations, processes, and services related to the procurement, manufacture, and supply of material, source material, and unqualified source material as defined in the Glossary (NCA-9200).
